25X1

25X1

WE HAVE REVIEWED THE REFERENCED NOTE AND WISH TO MAKE THE FOLLOWING COMMENTS:

ON PAGE 14--THE ANTENNA APPEARS MUCH MORE ELLIPTICAL THAN SHOWN IN THE DRAWING. THIS SKETCH IS PROBABLY BASED ON AN EARLY NPIC DRAWING WHICH HAS SINCE BEEN SUPERSEDED.

ON PAGE 25, PARAGRAPHS 39 AND 40-- WE KNOW OF NO PHOTOGRAPHIC CONFIRMATION OF THE RICE CUP RADAR CONFIGURATION. YOUR REPORT IMPLIES THAT THE RADAR HAS BEEN OBSERVED.

ON PAGE 33, PARAGRAPH 61--AT ONE TIME WE BELIEVED THAT A SMALL POSSIBLE DISH ANTENNA HAD BEEN INSTALLED BENEATH THE COMMAND GUIDANCE ANTENNA OF A GIN SLING RADAR AT SHUANG-CHENG-TZU SAM LAUNCH COMPLEX. ON THE BASIS OF MORE RECENT PHOTOGRAPHY OF THIS RADAR, WE NOW BELIEVE THAT NO ANTENNA IS ATTACHED AT THIS POINT. THIS MAY BE THE MODIFICATION YOU REFER TO IN YOUR STUDY.
